

An inclusive world / RISE FOR GOOD SERIES/ Vol 4, Issue 15/ Dec 2016

On the International Day of Persons with Disabilities, I am delighted to share that it is our constant endeavour to positively impact lives of thousands of differently people in India, whether it be by providing educational support or skilling opportunity.

Celebrations happened across the country to mark the day. More than 100 Youth from Deaf Enabled Foundation, Sphoorthi Jyothi Foundation (Visually Challenged) and children from Ashray Akruiti (Hearing Impaired) and Sadhana Institute for the Mentally Challenged gathered at Tech Mahindra Learning World for the week long celebrations at Hyderabad.

In Mumbai, Inter-school athletic competitions were held where more than 500 differently abled children participated. At our SMART+ centres associates were sensitised to the needs of youth with disability. Our associates went a step up and interacted using sign language with the hearing impaired youth.

In the Capital, we supported National Centre for Promotion of Employment for Disabled People (NCPEDP) to create awareness around the cause.

We believe in a connected world and include people with disability an app has also been launched wherein associates can send messages to associates with disabilities and our beneficiaries can upload their photos and videos.

Together on this day let's Rise for Inclusion!

Warm regards,
Loveleen Kacker
