

IN-SERVICE TEACHER EDUCATION INSTITUTE

Creating Happier & Safer Classrooms

IN-SERVICE TEACHER EDUCATION INSTITUTE (ITEI)

Tech Mahindra Foundation is committed to creating happier and safer classrooms by empowering teachers in knowledge, skills and attitude domains aiming for effective school governance. Given this context, the various workshops under the Shikshaantar umbrella aim towards enhancing parental involvement, the capacity of teachers and teacher educators on leadership, pedagogical skills and competencies related to subject teaching-learning.

ABOUT TECH MAHINDRA FOUNDATION

Tech Mahindra Foundation (TMF) is the corporate social responsibility arm of Tech Mahindra Limited, a Mahindra Group Company. Since 2006, the Foundation has been working tirelessly in the areas of education, employability, and disability, with a keen focus on corporate volunteering.

The Foundation works with the mandate that 50% & 10% of its beneficiaries would respectively be women and persons with disabilities. Since FY 2012-13, the Foundation has impacted 3,94,727 beneficiaries through initiatives across 11 locations in India.

As an ISR Mahindra Group Company

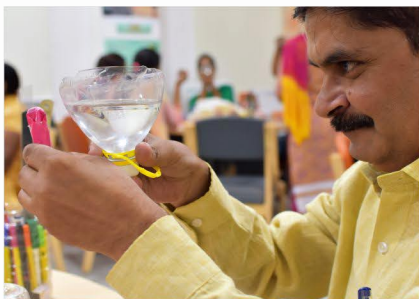

OUR FOCUS AREAS

EMPLOYABILITY

SMART (Skills-for-Market Training) is the Foundation's flagship employability program to empower youth from socio-economically backward urban communities. It empowers youth from under-served urban communities with requisite employability skills through structured training and helps them get dignified jobs. The program includes imparting Foundation Skills i.e. Spoken English, Basic IT and Workplace Readiness besides trade-specific domain training. The Foundation has been implementing the SMART program by establishing a network of SMART Academies and Centres - run both directly and through other partner implementing agencies.

EDUCATION

The Foundation is dedicated to enhancing school governance, expanding children's learning opportunities, increasing parental involvement in school education and enabling continuous professional development of schools' stakeholders. This is executed through our Education programs- ARISE, Shikshaantar and Mobile Science Lab. The Foundation works in government schools through its ARISE (All-Round Improvement in School Education) focuses on providing holistic development for children in government schools. Shikshaantar focuses on teacher empowerment and capacity enhancement through contemporary subject matter and pedagogical practice through directly run In-Service Teacher Education Institute (ITEI) and partner projects. The Mobile Science Labs were launched to enhance the educational experience through a bus equipped with hands-on activities of EVS (Science) that visits government schools and facilitates learning of students from Classes 3 to 5.

DISABILITY

Enabling true ability in persons with disability, Tech Mahindra Foundation strives to build an inclusive society. There is a keen emphasis on facilitating equal learning opportunities for children and youth with disabilities to lead dignified lives. This is done through ARISE+ (All Round Improvement in School Education for Children with Disabilities) and SMART+ (Skills-for-Market Training for Persons with Disabilities). ARISE+ is a program that encourages children with disabilities to become a part of mainstream education. The SMART+ program focuses on providing employable market-related entrepreneurial skills and opportunities to youth with disabilities.

VOLUNTEERING

Corporate Volunteering is at the heart of Tech Mahindra's ethos where Individual Social Responsibilities (ISR) is a way of life. TechM associates volunteer and contribute to driving positive social change while simultaneously enhancing their capacities for empathy and compassion. This is how we #Rise and find our joy in giving back to society!

ABOUT SHIKSHAANTAR

Shikshaantar means creating a difference in education and the Foundation believes that any true transformation can be brought only through quality education and learning. This initiative aims to empower teachers, educators and leaders to unleash their potential to the fullest to create happier and safer classrooms.

As part of the Shikshaantar program, one of the key initiatives of the Foundation is the In-Service Teacher Education Institute (ITEI). At present, the Foundation runs ITEI with institutes at Dilshad Garden and Shakti Nagar in Delhi. These institutes focus on building a cadre of constructive, innovative and motivated teachers and leaders to create conducive teaching and learning environments in schools.

IN-SERVICE TEACHER EDUCATION INSTITUTE

ITEI provide rigorous workshops in the main four subjects of primary education, which are Hindi, English, Maths and Environmental Studies. Also, the institute offer workshops on related themes such as Communicative English, Information and Communication Technologies (ICT), Early Childhood Care & Education (ECCE), Physical Education, Inclusive Education, School Leadership, etc.

ITEI IN DILSHAD GARDEN, DELHI

The In-Service Teacher Education Institute (ITEI), Dilshad Garden, was established in the year 2013, to enhance the capacity of teachers, principals, school inspectors and other stakeholders in municipal government-run schools.

ITEI IN SHAKTI NAGAR, DELHI

Established in the year 2018 in Shakti Nagar, this second In-Service Teacher Education Institute in Delhi is working towards a 5-year plan for changing the narrative of the public schools under the municipal government.

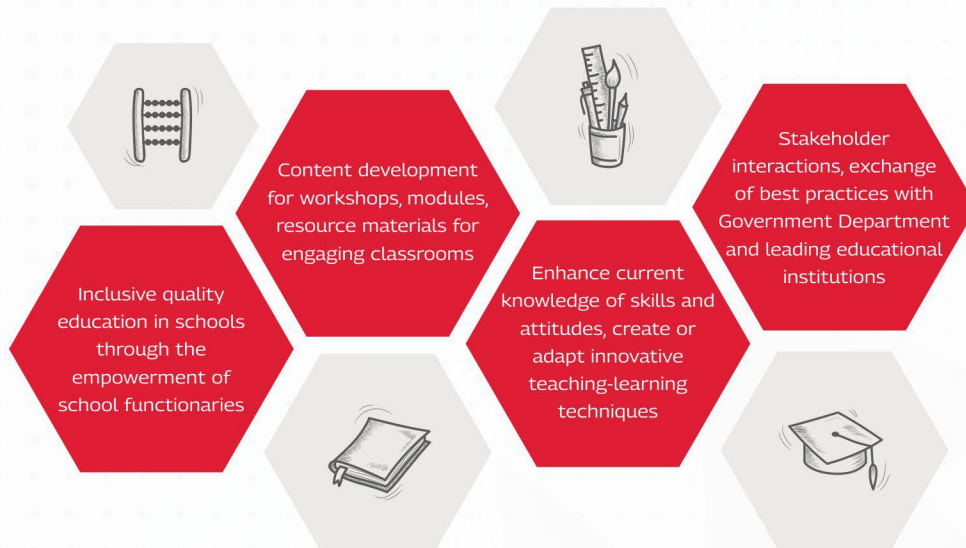

The ITEI curriculum is designed by our subject experts in alignment with the National Educational Policies and National Curriculum Framework. The sessions conducted at ITEI provide a platform for educators to explore new practices of creating teaching aid and resources for better engagement of students in the classroom.

The goals of ITEI go beyond the continuous professional development of teachers, but covers the enrichment of learning opportunities for children, enhancing parental involvement in school education and facilitating effective school governance. The ITEI are designed to match and align with the Sustainable Development Goals set by the United Nations General Assembly in 2015, designed as a blueprint to achieve a better and more sustainable future for all.

The ITEI aim towards improving classroom experiences by

AVAILABLE COURSES

We offer four types of courses:

FOUNDATION COURSE

A basic competency course focusing on the domain and teaching methodologies to enhance the Pedagogical Content Knowledge (PCK) i.e. the different teaching and learning strategies and resource creation. The duration of the course is 30 - 35 hours.

ADVANCE COURSE

This is an extension of the Foundation course that focuses on identifying and planning for the best educational practices of the subject domain and pedagogy. A total of 30 - 35 hours is the duration of this course.

EXTENSIVE COURSE

A long-term course that requires 75 -100 hours of engagement covered in 3 - 4 phases. All the domain topics are discussed in detail for an in-depth understanding of the subject in terms of knowledge, skills and attitude.

CAPSULE COURSE

These are short term independent courses engaged with every single topic in detail. The duration of this course is 10 - 15 hours only.

WORKSHOPS

Our In-Service Teacher Education Institute provides rigorous workshops in the main four subjects of primary education, which are:

- Hindi
- English
- Maths
- Environmental Studies

There are also workshops on related themes such as Communicative English, Information and Communication Technologies (ICT), Early Childhood Care & Education (ECCE), Physical Education, Inclusive Education, School Leadership at the ITEI.

HINDI WORKSHOP

हिंदी भाषा शिक्षण

This foundation course is designed to train primary Hindi language teachers in various pedagogical strategies to create an impactful learning environment in the classroom. The course is available in offline and online mode and the duration is 5 days (30 - 35 hours).

The ITEI also provide an advance course under this program and its duration is 5 days (30 - 35 hours). It focuses on improving the teaching capacity of Hindi teachers through an in-depth exploration of the subject and exploring effective teaching methodologies, microplanning of lessons and assessments. This course is available online as well as offline and only Primary teachers who completed the Foundation course can opt.

भाषा की कक्षा में संवाद की भूमिका

This Capsule Course throws light on the essence of 'Dialogue' in Language teaching. This 2-day course (10 - 15 hours) is available in offline as well as online mode.

SOFT-SKILLS AND PHYSICAL EDUCATION WORKSHOP

English-Winglish Program

This is an extensive course that enhances the teacher's command of the English language. For this course, educators are required to attend online sessions for 20 days (120 - 150 hours).

Physical Education in Schools

This foundation course focuses on making Physical Education more interesting by introducing various integrated games, activities, first aid etc. The duration of this course is 5 days (30 - 35 hours).

ICT SKILLS FOR TEACHERS WORKSHOP

Basic Level ICT Skills

The foundation course of this workshop aims at helping teachers with basic computer skills and knowledge, especially in MS Office, Emails, Paint and more. The duration of this program is 5 days (30 - 35 hours).

Digital Literacy Program

This 5-day (30 - 35 hours) course concentrates on providing basic computer skills and knowledge, and also help teachers to understand cyber risks and ways to minimise them. Teachers will be trained to become familiar with various online teaching platforms like Google Meet, Zoom and also learn the usage of Google Calendars and Google Forms.

We also provide a capsule course of this program and its duration is 22 days (10 - 15 hours). It focuses on helping teachers to understand and learn the various cyber risks and best practices to ensure cyber safety.

Advance Level ICT skills

This is an advance course that is designed to help teachers gain proficiency in MS Office, such as MS-word, MS excel functions, PowerPoint etc. Only those primary teachers who have undergone the foundation course can opt for this 5-day course (30 - 35 hours).

CHILD SAFETY AND PROTECTION WORKSHOP

Inclusive Classrooms

This 5-day (30 - 35 hours) foundation course aims in helping the teachers to understand the abilities and challenges of differently-abled students (or children with special needs) in a school setup, catering to their needs and making a healthy environment for them in the school and classrooms.

Child Protection Policy

This is a capsule course that focuses on assisting teachers with the knowledge about child safety and protection against child abuse, child protection policies, early warning signs to help in identifying the child who needs attention, practising and breaking hesitation around words. The duration of these online sessions is 2 days (10 - 15 hours).

Life Saver CPR and AED Training

The objective of this capsule course is to train teachers to learn CPR and AED, and their do's and don'ts. The duration of the session is 2 days (10 - 15 hours).

First Aid Training

This course provides an understanding and practice for providing first aid for common medical conditions, injuries and environmental emergencies. The duration of this capsule course is 2 days (10 - 15 hours).

PRINCIPALS' SPEAK

CHANCHAL SHARMA

Principal, Primary School, Nand Vihar - I

“ It's an honour for us to attend the seminars conducted by Tech Mahindra Foundation. The Foundation is leaving no stone unturned in imparting effective teaching methodologies so that our schools can prosper. Thanks for your support and timely guidance!

”

SUNITA SINGH

Principal, Primary School, Balbir Nagar Extension

“ I attended leadership training, ICT training and POCSO training sessions at the ITEI in Dilshad Garden. All the training helped me in developing my leadership skills and ICT skills for the betterment of my school academic environment.

”

BRIJPAL SINGH

Principal, Primary School, Harijan Basti

“ I attended the ICT seminar at ITEI in Dilshad Garden. It was very informative for me and the students at my school. I will use computer skills in teaching students in my school.

”

RACHNA MOHAN

School Principal, MCPS S Block West Patel Nagar Girls

“ I attended the workshop conducted for the School Leaders in 2019. The workshop offered many different skills and issues pertinent to HoS.

It is needless to say that Tech Mahindra Foundation is a potent platform for innovations in the field of education. I wish the Tech Mahindra Foundation team all the best for their future endeavours.

”

TEACHERS' SPEAK

RENU SHARMA

*Teacher, Nigam Pratibha Vidyalaya
New Seemapuri 1st*

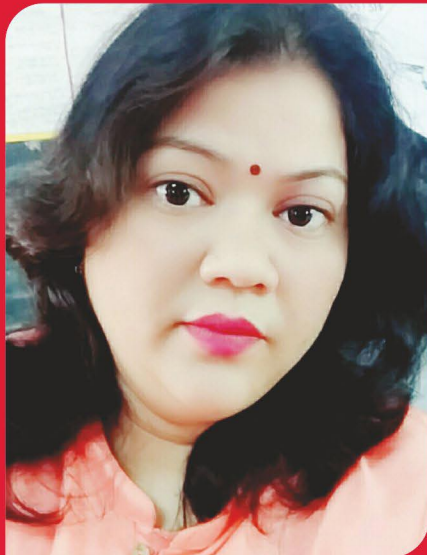

“ I have attended most of the training at ITEI in Dilshad Garden. I have found an unprecedented change in my teaching style post the training sessions. Now I teach every subject by heart, with interest and using play-way methods. I appreciate the entire team of ITEI for encouraging and motivating me every time. ”

RAVINDER KUMAR SINGH

Teacher, Govt. School, South Bhola Nath Nagar

“ The environment of ITEI in Dilshad Garden is very good. Resource persons have good knowledge and they teach very well. First, I was not sure about how to teach English in my class but after attending English training I got the direction about how to teach English in primary classes. ”

PINKY KALA

Teacher, Primary School, Ramnagar Ext., Shahdra

“ The EVS workshop was very useful and effective. All the activities and lecture given in the workshop were excellent. I will use these activities in my school. It will be very beneficial for the students. ”

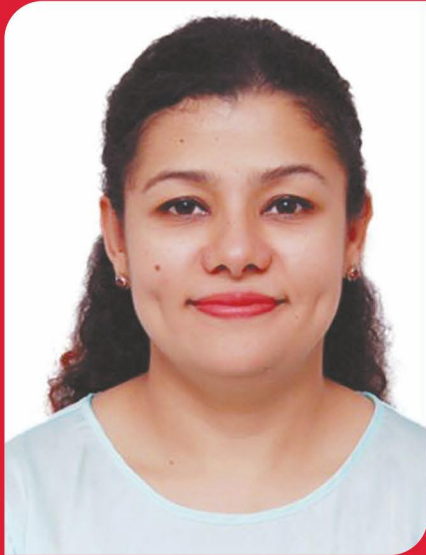

HARSH

Teacher, Primary Pratibha School, Chander Vihar - I

“ After coming to ITEI in Dilshad Garden, we got to learn about the various ideal tools and motivational lectures which are required in our services. The workshop represents a very creative approach to teaching which helps teachers to access students and their thoughts, knowledge and behaviour. It has helped change my attitude towards teaching and above all motivate students to give their best. ”

TEACHERS' SPEAK

ANNU KHATRI

*Nursery Teacher, Nigam Utkrisht Vidyalaya
BB Shalimar Bagh*

“ I firmly believe that the true purpose of education is to create an environment where we can guide learners towards exploration and experience happiness through life. This has been a very valuable, affirming skills workshop for me. Here, we discussed our own experiences which ultimately helped us to gain some effective and tangible strategies to take away.

SWATI VERMA

Social Studies Mentor Teacher Group Leader

“ In 2019, I attended the first batch of the workshop. It was a fruitful training by ITEI, I liked the energizers and activities. I attended a Hindi seminar after so long, and I got to know about a resourceful book, which helped me a lot. We wrote a poem for the group task and polished our Hindi in that session.

YASMEEN

Primary Teacher, Primary School Lal Kuan

“ I attended two seminars conducted by Tech Mahindra Foundation. I learnt some good teaching methods in these seminars. I am using these methods in my classroom and getting good results.

KIRAN SARDANA

Team Leader (English Mentor Teacher Group)

“ I have been associated with TMF since 2019. I've attended Math workshop and then the ICT and English groups discussions as I am heading English mentor teachers' group. I take regular feedback from teachers during the training sessions. TMF is doing a wonderful job and it is completely different from the MCD system.
